STUDENT LANGUAGE

Notice to Parents and Guardians: Georgia school systems are required¹ to collect your responses² to questions about your preferred language for school communication and your child's primary or home language. Information from the first question is used to identify your need for an interpreter or for translated documents. Information from the three (3) Home Language Survey questions and the additional language information help us determine whether to screen your child's level of English language proficiency. The screening process will identify if your child qualifies for English learner status and services in our language instruction educational program.

Identification of Potential English Learners

These three (3) questions help schools identify if your child should be screened for eligibility to participate in their language instruction educational program.

When the response to any of these questions is a language other than English, schools may be required to screen your child's level of English language proficiency. If you respond with more than one language, the school will need additional information from you before making this decision.

Home Language Survey Questions (required):

Which language does your student best understand and speak?

Which language do the adults in your home most frequently use when speaking with your child?

Which language does your student most frequently speak at home?

Has your student ever received English as a Second Language (ESL/ELL) services? ____Yes ____No

Additional Information from Multilingual Families

If you indicated that your child and other adults in the home **understand and use English and another language** or languages, schools will ask you to provide additional information to decide if you child should be screened for English proficiency.

If you respond that your child understands and uses English more than the other home language, or that your child understands and uses both English and the other home language equally, the school will not screen your child for English language proficiency.

Choose only one sentence that best describes your child's primary language.

<input type="radio"/>	My child understands and uses only the home language and no English.
<input type="radio"/>	My child understands and uses mostly the home language and a little English.
<input type="radio"/>	My child understands and uses the home language and English equally.
<input type="radio"/>	My child understands and uses mostly English and only a little of the home language.
<input type="radio"/>	My child understands and uses only English.

Note: Students who transfer to CCA after the start of the school year will keep the grade placement for the current school year that is recorded within the previous school transfer records.

Note: For the current year grade 8, applications will be held until the most recent grade report (grade 8) is submitted to CCA for grade placement review.

For homeschooled students grades K-8, a parent-generated report card is acceptable. However, note that assessments may be required to validate indicated grade level completion and/or course completion prior to placement.

If your student had a gap in education, complete the [CCA Statement Acknowledging Missing Attendance Form](#). For a copy of the [CCA Homeschool Transcript](#), or the [CCA Missing Attendance Form](#), visit cowetacharter.org. You may also email enrollment@cowetacharter.org.

IMPORTANT

If Summer 2024 courses are completed by the student, send the updated transcript enrollment@cowetacharter.org.

- Current Grades 1-8: Failure to upload the most recent progress report or final report card will result in a denial of the application.
- Applications missing only the final report card/ transcript will be placed on hold until documents are received. Holds will expire on September 30, 2024.
